#### Welcome address by the President

At the outset, Dr. Subhash Chandra Pandey, President, IPAI, welcomed Shri G. C. Murmu, Comptroller & Auditor General of India and Patron of the Institute. He also welcomed the Dy. CAGs, Additional Dy. CAGs, all the Senior Officers both serving and retired, and members of the Institute to the 25<sup>th</sup> AGM of IPAI held in person/virtual. After extending greetings and good wishes to members from various Chapters of the Institute and thanking them for being constant source of strength through their continued support and encouragement, he mentioned that this annual occasion was not meant just to transact the statutory business of adopting audited annual accounts and reviewing the operational and financial progress. He emphasized the importance of the occasion stating that the members awaited to meet the Patron and hear from him.

He drew attention to the fact that the Institute was founded as a society in 1996 by 11 serving IAAS officers as founding members with the blessings of the CAG. They sought to create a professional body for research and dissemination on auditing, accounting and public finance. The retired officers were also roped in to expand the available talent pool. It was conceived and perceived as the extended arm of the IAAD. He stated that a lot has been done and a lot more remains to be done and at an appropriate occasion, an opportunity to present cumulative accomplishment of IPAI may arise. He informed that the Delhi University has "in principle" agreed to operationalize an IPAI Chair in the Delhi School of Public Policy and Governance, Institution of Eminence in the memory of Late Shri Dharam Vir, the founding President of the IPAI.

The President, then submitted the summarized financial position for the financial year 2021-22 vis a vis the previous year.

#### (Rs In lakh)

He apprised about the change in the composition of the Central Council of IPAI from January 2022 and membership status crossing 2800 with 174 members having been enrolled since the last AGM including some honorary members, for the first time.

He expressed satisfaction that the activity level had been robust despite the difficulties arising out of the pandemic and hoped the activities to gather pace in coming months with some new opportunities opening up with diversified portfolio of ongoing activities, especially in the area of internal audit of autonomous bodies and voluntary organizations besides academic work and consultancies. He felt happy to report that the clients have found the services delivered by the Institute useful, which is reflected in expansion in both the quantum as well as the scope of work assigned by many clients. New client organisations are also getting associated.

He elaborated the completed assignments and those in hand as follows.

- Scrutiny of subsidy claims on behalf of DPIIT in 10 border States viz. Uttarakhand, Himachal Pradesh; Jammu & Kashmir and for the North Eastern States including Sikkim for the last 5 years, adding the value addition chain to conduct third party field inspections of beneficiary industrial units besides record based scrutiny of claims;
- Inspection of 247 NGOs/ Associations registered under FCRA 2010 in respect of which, 215 Reports had been issued to MHA. The remaining work was in progress with increasing scope and the due diligence. Efforts of our teams had been appreciated.
- Internal Audit of ICAR was an ongoing activity in which work on 20 units for 2021-22 had been completed. Another 45 units were in pipeline and in the meanwhile, ICAR has also agreed for special audit of certain units expanding the scope and revising the fees.
- Internal Audit of CBSE was also an ongoing activity. They had allotted internal audit of all their field formations all over India to IPAI. This work had also been revamped and IPAI was discussing about special audits on need basis.
- Special audit of Indian Red Cross Society HQ and four State branches was entrusted to IPAI, which stood completed. For the first time, the IPAI's audit report went beyond standard internal audit template to delve into governance issues. President expressed hope to develop this work for getting more engagements in the area of voluntary sector.
- Spices Board had allotted special audit of Srinagar office as a pilot and then more regional offices and other field units have since been allotted, thus likelihood of more work.
- Greater engagement was foreseen in future outside the traditional areas, especially in Eastern and North Eastern States which were also receiving high level of attention from the Government of India. Intensive technical examination of project accounts on behalf of National Highways & Infrastructure Development Corporation Limited (NHIDCL). One project was done on pilot basis in Arunachal Pradesh, entrusted by the NHIDCL. Audit of public works in a modern corporate set up offered many challenges but the work was

satisfactorily completed and it was expected to get regular tranche of work from them soon. There were opportunities for our officers used to audit of public works in departmental set up of CPWD and State PWDs, to tap this potential area.

- A mini Ratna CPSU recently approached IPAI for a small consultancy in the area of compliance and due diligence for new project appraisal. Initial reports have been given and we hope this engagement to grow further.
- Forensic Audit of two concessionaire companies of the besieged ILFS group has been entrusted to IPAI by the Haryana Metro Rail Transport Corporation (HMRTC) in two disputed projects. Cooperation from the audited entities and access to relevant records had been a major challenge. Nevertheless, some interim reports had been provided to help them in ongoing arbitration.
- Reimagining the CAG's Manual of Standing Orders 2002 in the wake of momentous developments in the professional guidance in this area has been entrusted by CAG. A draft had been developed and is under discussion.

Besides the above operational activities, IPAI revamped its website focusing dissemination of the CAG Reports as part of its core mandate of enhancing awareness about public audit related issues and concerns. Think-tank meetings and webinars had been arranged regularly.

The President was categorical in stating that a very special spinoff of these academic activities had been a large body of work emanating in the context of the CAG report on governance of NOIDA. He called it a goldmine of information as IPAI had further probed certain issues arising out of this CAG Report. Useful information and related documentation were provided to the authorities to investigate stamp duty evasion besides a study on deviations made by the State governments while framing Rules under the RERA Act, deviations from the Act as well as from the model template circulated by the Government of India. He informed that more work was being undertaken in this area and next issue of IPAI Journal would be devoted to real estate sector on the lines of a recent special issue of Journal on the theme of Autonomous Bodies.

President stated that the IPAI Chapters have been actively contributing to the projects undertaken by the Central Office. The regional chapters have also been taking projects directly from State governments. He highlighted that some special assignments taken up by the regional chapters had added variety to the portfolio of IPAI activities and offer scope for replication by other Chapters. He mentioned a few like, Development of Internal Audit Manual of Nalanda University by the Bihar Chapter and Preparation of Accounting and Office Manual for Karnataka Text book Society by Karnataka Chapter.

Besides usual work of internal audit and pay-fixation checking, the Kerala Chapter had also taken up some special projects like creating a system at Centre for Management Development for internal check and internal audit, project wise accounting and preparation of procurement manual and Assets Register; review of delegation of financial powers in Coir Board and preparation of special rules for some State corporations. Madhya Pradesh Chapter was entrusted with internal audit of MP Rural Road Development Authority HQ and 75 Project Implementation Units.

Internal Audit of Jaipur Smart city Ltd. Undertaken by Rajasthan chapter was a new area of internal audit in the corporate set up. The Rajasthan Chapter has also been doing a very interesting project of being independent verification agency for strengthening of Public Financial Management in the State government as part of a World Bank Project. There is a scope for developing this type of work in other States.

President mentioned that the Odisha chapter had extensively worked in the area of audit of Gram Panchayats and there was hope to develop this model through a centre of excellence by standardizing templates and documentation for replicating it in other States.

He further stated that the Gujarat Chapter stood entrusted with Internal Audit of Gujarat Electricity Regulatory Commission, which was yet another template setting work for internal audit of regulatory bodies to be developed further.

While discussing about achievements of the North West Chapter, he informed that a large number of Central and State autonomous bodies and urban local bodies were regular clients for internal audit as well as consultancy services. The regional council for the Chapter had recently been reconstituted and this Chapter, which had been the most active, going by the Chapter financials, was set to establish newer higher goals.

The President felt that a healthy competition among Chapters to do more, do better and to diversify activity portfolio is what is going to help IPAI scale newer heights in coming days. He sought fullest cooperation from all and extended an unconditional offer to work with one and all.

At the end, he concluded by inviting the Patron to address the meeting.

#### Address of the Patron, the C&AG of India

At the outset, the Patron welcomed the President of the IPAI, Dr. Subhash Chandra Pandey, the Vice President of IPAI, Ms. Shubha Kumar and other office bearers, members of the IPAI and all the officers of the CAG. He said that it gave him immense pleasure to address IPAI again as the Patron of the Institute in its 25<sup>th</sup> AGM. He recalled that last year, he had addressed 23<sup>rd</sup> & 24<sup>th</sup> AGM together when pandemic was a havoc, still the Institute had managed to remain fairly active even during those difficult times. He reminded that again Pandemic was raising its head in many parts of the world and new advisory had already been issued. He said that that at this juncture it was encouraging to note that Institute had progressed very well as was visible from the Annual Report. He mentioned that by taking several initiatives, IPAI had already expanded its activities and generated good amount of revenues which was indeed commendable. He congratulated IPAI on this account.

He recalled that recently on 16<sup>th</sup> November second Audit Diwas was celebrated and a variety of activity were undertaken. All the AGs were encouraged to have some kind of audit week which was meant to enhance public awareness among stake holders. He stated that recently they held big

sessions and the theme was that engagement of public in the entire audit management, the audit planning and audit processes, so perhaps it is high time that IPAI also having this kind of opportunity to create more awareness. He said that IPAI is also playing an active role in dissemination of significant findings from audit reports. He noted that the President had already mentioned about having examined the NOIDA report and other reports and preparing certain documents which, he felt was a good initiative.

He was happy to note that IPAI has already revamped its website and perhaps it will look up more relevant. He was very happy to note that the Institute had expanded to operationalize IPAI chair of Public Finance & Audit in Delhi University in the memory of founding President of IPAI, Late Shri Dharam Veer. He felt that this step would further expand the outreach of IPAI with the students community through institutionalized system.

He recalled that main purpose of establishing this Institute was to undertake research and developmental activity with public auditing, accounting and public finance at its core. The Institute also provided financial and management services to its clients through its diversified ability and knowledge. He emphasized that the mandate of the Institute is, therefore, vast extending from capacity building and promoting awareness of public audit to conducting internal audit and carrying out research.

He stated that it was heartening to see that in last 26 years of existence, IPAI membership had increased to reach almost 3000 today and IPAI have extended membership to other services also on honorary basis and that IPAI have already enrolled 174 more members since the last AGM. He hoped that efforts of IPAI for raising its professional skill would go a long way in furthering its work potential and helping it fulfill its mandate more actively. Perhaps, it is the cutting edge and the membership drive will empower IPAI to take up the work assigned by different ministries/department, through NGOs and Autonomous Bodies more effectively. The Patron emphasized that IPAI can add more value to the public sector audit through its effort in expanding its capacity.

The Patron was pleased to note that the special efforts were put in by IPAI in remote and hilly areas and that the Institute was engaged in several assignments in the North East and in the State of J& K and other hilly States. He hoped that the new branch added recently in Tripura will allow IPAI to serve in the north eastern region better. He suggested IPAI to tap local members and other retired officers who are not yet members but settled there for capacity building and research focused on local issues. He asked IPAI to work with IAAD and local academic institutions to augment the available talent pool of audit skilled manpower.

He was happy to note that Odisha chapter of IPAI was coming up with its own building and the award of work for it had been finalized. He informed that he had spoken to the Accountant General, Odisha also, the chapter head and told him that foundation should be strong even if there weren't sufficient funds at present so that the Institute could be utilized for educating and generating awareness besides capacity building in future. He mentioned that the issue of permanent office

address for Institute at Delhi and some other places need attention and the same would be sorted out.

He acknowledged with appreciation, the IPAI's engagement with various organizations like ICAR, CBSE, DPIIT, PRI, Spices Board, NGOs under the FCRA. He was pleased to note that IPAI has taken elaborate action to not only disseminate CAG report actively but also brought up a new dimension in public audit by investigating the matter incorporated in Audit Report by accessing the documents in public domain. He emphasized the need for some research by the Institute. The Patron stated that they were encouraging research within IAAD also and had asked all Deputy CAGs to compile the major findings of last ten years which will assist the government to see which ideas were lagging behind and what active actions need to be taken. He stated that for reports which had already been placed in the Parliament or the legislature so perhaps, a lot of publications, research work, references, can be brought out for public awareness, it was likely to generate some kind of a positive atmosphere for the audit.

He was happy to inform that in order to strengthen their partnership with the Institute they had signed for the first time, a MOU for preparing a reimagined MSO Audit that was last revised in 2002. He acknowledged that IPAI had submitted the draft which was under discussion. He hoped that the MSO becomes available quickly for use by the department.

The Patron stated that one of the expression of technical acumen of an Institute is its Journal and he said without any hesitation that IPAI is doing excellent job of bringing out such journals. He appreciated the recently brought out special issue on Autonomous Bodies in the series of its theme based Journals, which he had just received. He expressed his happiness on coverage of a wide range of issues – both conceptual and operational - concerning Central Autonomous Bodies such as governance, regulation, audit accounts, cash management etc. He stated that the journal also provided an excellent summary of findings from the Audit Reports presented to the Parliament, which could be of immense value to IAAD as journal had all needed information in one place. He felt that efforts were needed to bring out more publications.

Next, he mentioned that Think Tank meetings, recent ones being on 'Auditing the health sector' and 'Transition to Green Energy' organised in IPAI were very important as IAAD was also doing the PAN India audit of health sector. He stressed that Think Tank Meetings need to be held more often for continuously stimulating intellectual activities at the Institute. He stated that the participation of working officers in these meetings was a welcome trend because both way communication between the current happenings and institutional experience is bound to pay dividends. He stressed that they were committed to extend all help to IPAI in such academic and intellectual activities and hope to benefit from its outcomes. He felt that it would be honour for the Institute if think tank meetings could bring out new dimensions and add value.

He made a mention of the Newsletter of Institute stating that it provided overall position of the projects and assignments undertaken by IPAI all over India and he noted that Regional Chapters of IPAI are also supporting well in the efforts. He noted with satisfaction that the chapters across

the country were assisting Government departments, Autonomous Bodies and other organizations in setting up Finance Wings, developing manuals, building capacity through trainings and strengthening internal audits. He suggested that IPAI can take up expenditure management project to see the sustainability fund and also the budget making and utilisation over the time. There are savings, surrenders and unnecessary supplementary budget demands due to deficiencies in budget formulation exercise and incurring of public expenditure. Seminars and similar think tank meetings on such issues can be held. The draft MOU for partnering in the specified shared goals with IPAI was engaging attention at CAG HQ and he was sure that it will soon be formalised.

He mentioned that something which he wanted to share with IPAI had been engaging his mind for sometime, was the audit of local bodies. This, he felt, was an area which needed attention IPAI had held a seminar on 'Public Audit and Governance' with very good outcomes in August 2021. Later on, IPAI published a book also on it in November 2021 as a sequel to seminar.

He said that he was thinking of some kind of professionals whom, the IPAI can train. The trainees can be the commerce or economics graduates who can be given a certification course so that they can be hired as public auditor. He suggested that to crystallise this idea a committee was needed to be constituted which can work out modalities for operationalizing it. He explained the logic behind such a thinking that we were progressing and had achieved much but more manpower was needed in local kernel. He expressed his doubt in hiring CAs as they were not readily available for such works. In Municipal corporations, that system was mandated long back, its implementation on the ground level as accounting was a problem, so perhaps, we can have some kind perks. He suggested that IPAI can have this permanent kind of set up and expand it with the help of experts and of course now more with the entry of honorary members from varied background. He suggested that there can be a sub committee with members from CAG, IPAI, ICAI and even some bankers.Some kind of certified associate of the public auditors of India, on the pattern of Certified Associate of Indian Institute of Bankers (CAIIB) can be thought of. He was hopeful that such an initiative can be another milestone that the IPAI can achieve if it can design this kind of certification or the diploma and such persons can help autonomous bodies. He added that this was just a very loud idea which would require a lot of efforts and also funds.

Finally, he said that it had always been a pleasure and privilege to interact with the senior and experienced members of the Institute. He concluded by quoting Emerson, that 'experience is the hand and feet of every enterprise' and in your case, it is not only hand and feet but the head too. He assured that as a Patron he would extend all possible assistance in functioning of the Institute and wished the Institute and its member success in their future endeavours.

#### Vote of Thanks by Ms. Shubha Kumar, Vice President, IPAI

She felt privileged in formally proposing a vote of thanks on behalf of IPAI. She thanked the Comptroller and Auditor General of India, Sri G.C. Murmu, the honorable patron of the Institute for always being there for the Institute and encouraging in all efforts of Institute for for finding time from his busy schedule and for his appreciative and encouraging words.

She made a special mention of presence of esteemed seniors in the AGM acknowledging their contribution in building capacity and knowledge of individuals as well as the Institute. She placed on record that their constant support and guidance had allowed the Institute to grow stronger day by day and it was their commitment to the cause of strengthening public audit and expanding capacity in this area which continued to inspire younger members.

She thanked the President, Dr. S.C. Pandey for his constant and tireless leadership and guidance to the members of Institute stating that he had always been there with his wisdom and experience to help the Institute.

She then expressed her sincere thanks to Deputy CAGs, Additional Deputy CAGs and all the senior officers who were present in the AGM taking time out from their busy schedules. She thanked all those from the CAG office and the offices in AGCR Building who have been providing logistical and moral support to IPAI always. She also thanked all the members of central IPAI as well as its 18 chapters across the country connected online, who have been rendering their sincere and devoted services to the cause of public audit through the Institute and keeping the flag high. She felt that without their commitment, the Institute could not serve its purpose. Finally, she thanked DG HQ, DD HQ, their staff members for providing their support and services for the AGM.

One team consisting of One Sr. DAG and two Sr. Audit Officers Retired was put on job from 1<sup>st</sup> January, 2019 for examination of the causes of non-payment of Incidental Charges (Rs. 30,000 crores plus) by the Govt. of India to the State Govt. incurred by it on procurement of food grains on behalf of the FCI during the years 2003-04 to 2016-17. There are five agencies. The Audit of PUNGRAIN was completed in 2019-20; the Audit of Punjab Agro food Grains Corporation Ltd.,was completed in the start of 2020-21. The Audit of MARKFED and PUNSUP was also completed by two parties each consisting of One D.A.G. and two Sr. Audit Officers. The audit of fifth and last Agency i.e. Punjab State Warehousing Corporation was started from 14<sup>th</sup> March, 2022 and completed in March 2023. The highlights of irregularities notices are as under:-

- i. Punjab Government was forced to take CTL of Rs.30584 crore due to non-finalization of claims from FCI. FCI informed that no payment is due under legacy accounts as such the projection of claims due from FCI is misleading. However, it was noticed that actually a sum of Rs.14376.74 crore which was spent out of CCL but was not recouped due to shortages, embezzlements, amount held up in court cases disciplinary cases and non-receipt of subsidy from State Government and the Gap is attributable to non-recoupment of this amount. Little efforts are being made by the concerned authorities to sort out these items and get it settled.
- ii. All the companies suffered loss on this account.

### M. S. SEKHON & CO. CHARTERED ACCOUNTANTS 170, MADHUVAN DELHI-110092

### INDEPENDENT AUDITOR'S REPORT

To

The Members Institute of Public Auditors of India, New Delhi

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Institute of Public Auditors of India, New Delhi ("the Society"),a Society registered under the Societies Registration Act. 1860, which comprise the Balance Sheet at March 31st 2023, the Statement of Income & Expenditure Account and Receipts & Payment Account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion and to the best of our information and according to explanations given to us, the financial statements give the information required in the manner so required and give true and fair view in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

- In case of Balance Sheet, of the state of affairs of the Society as at March 31, 2023;
- (b) In case Statement of Income and Expenditure Account, of the Surplus for the year ended on that date; and
- (c) In case of Receipts and Payment Account of Receipts and Payments for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's *Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Phones & Fax : 91-11-42445194, 42445294, 42445394 E-mail : sekhonms@rediffmail.com

#### **Emphasis of Matters**

1. The Society has Nineteen Chapters all over India and the accounts of these Chapters are consolidated with the accounts of the Head Office, We did not audit the financial statements of these Chapters whose financial statements reflect total assets of Rs. 12,93,14,444/- and total revenue of Rs. 4,89,02,742/- as considered in the financial statements.

The financial statements of these Chapters have been furnished to us by the management. Our opinion on the financial statements is so far as it relates to the accounts and disclosures included in respect of these chapter is based solely on the report of the other auditors.

Our opinion on the financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the management.

2. We draw attention to Note 5 of Schedule 'I' to the financial statements wherein it has been stated that there is a difference of Rs. 17,57,428/- in the receipts appearing in the consolidated financial statements and the aggregate turnover/receipts as per GST portal/returns filed by the nineteen chapters and the head office. The reasons for the difference have been explained in the said Note by the management.

Our opinion is not modified in respect of the above.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Regulatory Requirements

Further, we report that :

a)We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit ;

b)In our opinion, proper books of account have been kept by the Society so far as appears from our examination of those books.

c)The Society's Balance Sheet. Statement of Income and Expenditure and Receipts and Payments Account dealt with by this report are in agreement with the books of accounts.

## AGENDA ITEM-3

## Appointment of Auditors for the year 2023-24 (1<sup>st</sup> term)

M/s M. S Sekhon & Co, New Delhi appointed from panel of CAs provided by CAG office has completed 4 years term as Auditor of IPAI at the end of 2022-23. As such, O/o the CAG was requested in May 2023 to recommend the name of suitable Chartered Accountants (CAs) for appointment as Auditor for certification of annual account of IPAI for the year 2023-24. O/o the CAG had sent a panel of 5 CA firms and desired that name finally selected and fee payable to Auditor may be intimated to them.

Accordingly, willingness of all the 5 CAs were invited. However, four out of five Chartered Accountants firms declined to accept the offer showing their disinterest indicating that fee quoted was very low. Only one firm named M/s K C Jain & Co. accepted this offer and has sent their details in this regard.

According to the profile of M/s K.C Jain & Co. HO 4812/24, Mathur Lane, Ansari Road, Darya Ganj, New Deli-110002, it is a partnership firm established on 24.08.1959. The firm consists of five CA partners with varied experience and audit staff. The firm has Statutory Audit /Tax Audit experience of 3/ 4 years in respect of 06 PSUs, 24 other companies, bank audit as Statutory Branch Auditors, Concurrent Auditors and Income /Revenue Auditors, besides stock Auditors of Large Borrowers/corporate.

In view of credentials of the firm, M/s K C Jain & Co, CA, it. is proposed and recommended for appointment as auditor for certification of Annual Accounts of IPAI for the year 2023-24 with a fees of Rs 12000/- per annum plus out of pocket expenses (1<sup>st</sup> term).

Central Council recommend the appointment of auditors for the year 2023-24

General Body's approval is solicited.
